2022-23 Adopted Budget

September 12, 2022

Susan Cheu, Vice Chancellor, Business Services Raquel Puentes-Griffith, Executive Director, Fiscal Services Sirisha Pingali, Director, Budget Operations

Overview

- > 2021-22 Ending Fund Balance
- State Budget Update
- 2022-23 Assumptions, Projected Revenues/Expenses and Fund Balance
- > FTES Trends, Hold Harmless Floor, and Basic Aid Status
- Multi-year Projections, Declining Stability Fund & Future Fiscal Planning

2021-22

Ending Fund Balance & Reserve Allocations

\$29.0M 2021-22 Fund Balance Allocation:

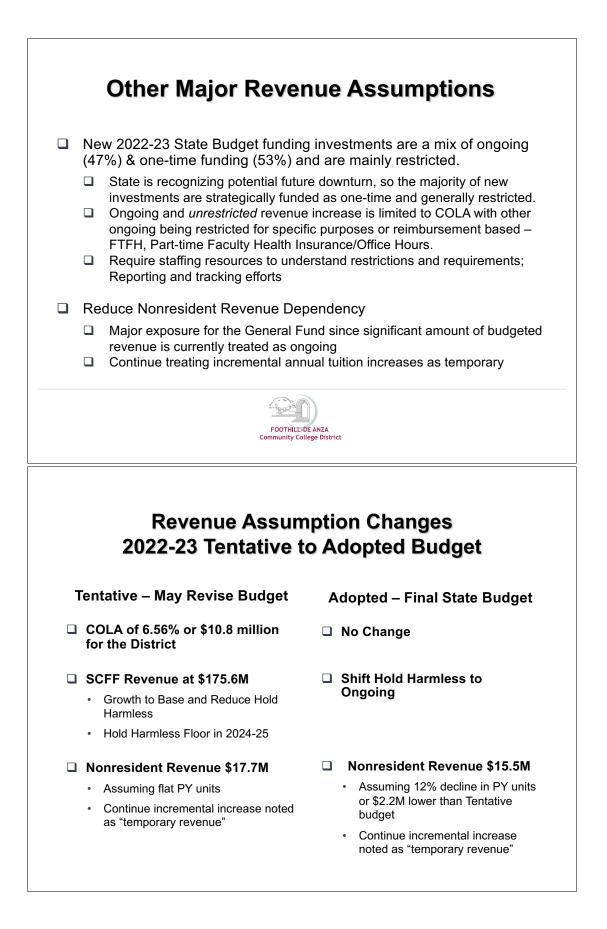

- \$12.2M Colleges & Central Services "B" budget carryover
- \$2.5M Districtwide & Encumbrance carryover
- \$2.8M Supplemental Retirement Program Reserve
- \$10.2M Maintain district's budgeted 5% reserve
- \$1.3M Actual Stability Fund Balance

Final State Budget Apportionment Revenues

- Cost-of-living adjustment (COLA) of 6.56%
- □ Increases to SCFF Metric Funding Rates and Base Allocations
 - Improves SCFF Revenue, less reliance on hold harmless
 - Does not provide an overall increase to funding.
- □ Hold Harmless extends through 2024-25 with SCFF "Floor"
 - Two more years of potential revenue growth through COLA
 - □ No auto COLAs beginning 2025-26
 - □ Reset and fix Base revenue at 2024-25 levels
 - No increase in funding; Hold harmless merely changes type of revenue from temporary to ongoing.

2022-23 General Fund Revenue

2022-23 Tentative Budget Revenue	\$210.1M
State Apportionment SCFF Base Adjustments	4.8M
Hold Harmless to Base	7.0M
Nonresident Tuition	(2.0M)
Other State & Local Revenue	<u>.2M</u>
Net Ongoing Revenue Changes	\$10.0M
Nonresident Tuition Rate Incremental - Temporary	(.2M)
Hold Harmless to Base – Temporary	<u>(11.8M)</u>
Total 2022-23 Adopted Budget Revenue	\$208.1M

2022-23 General Fund Expenditures

2022-23 Tentative Budget Expenditures Net Transfers	\$208.9M
Net Benefits - STRS/PERS, Unemployment, Workers Comp	1.1M
Classified Salaries	0.9M
DSPS/Parking/FWS Support Transfers	(0.9M)
Operating/Supplies	(0.6M)
Certificated & Part-time Faculty Net Adjustment	<u>(0.5M)</u>
Net Changes	\$(0.0M)
Total 2022-23 Adopted Budget Expenditures and Net Transfers	\$208.9M

2022-23 Projected Ending Fund Balance

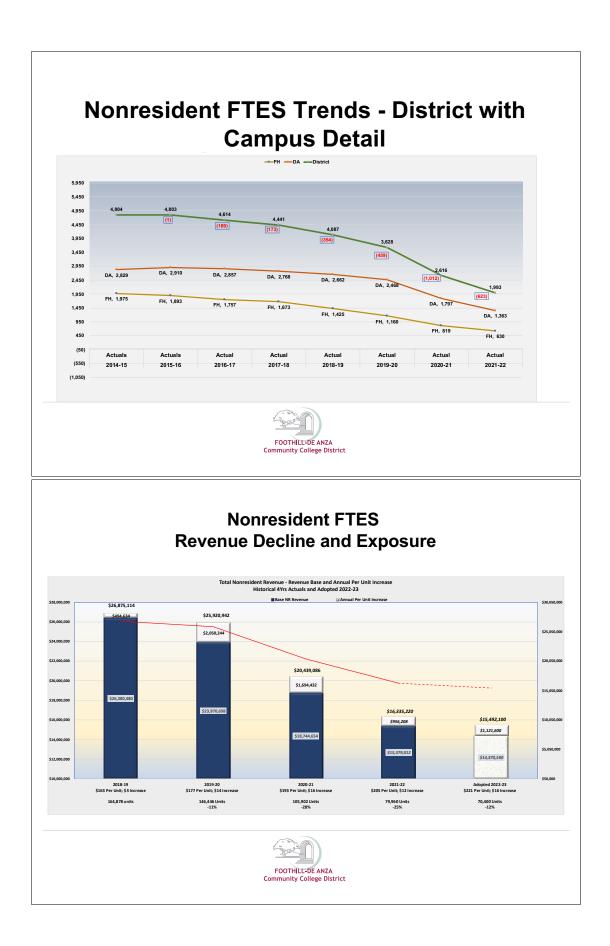

Beginning Fund Balance, July 1, 2022 Net Projected Change Projected Ending Fund Balance, June 30, 2023	\$29.0M (<u>0.8M</u>) \$28.2M
Fund Balance Allocation: College & Central Services Carryforwards	\$12.2M
Districtwide Restricted Carryforwards	2.5M
Supplemental Retirement Plan (SRP)	1.2M
Required 5% Budgeted Reserve	<u>10.4M</u>
Projected Stability Fund Balance, June 30, 2023	\$ 1.9M

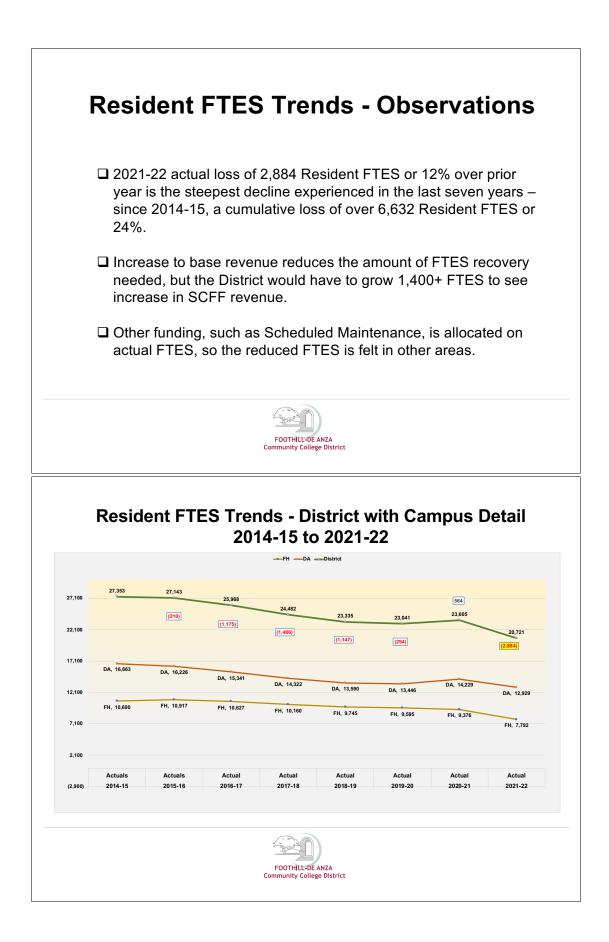

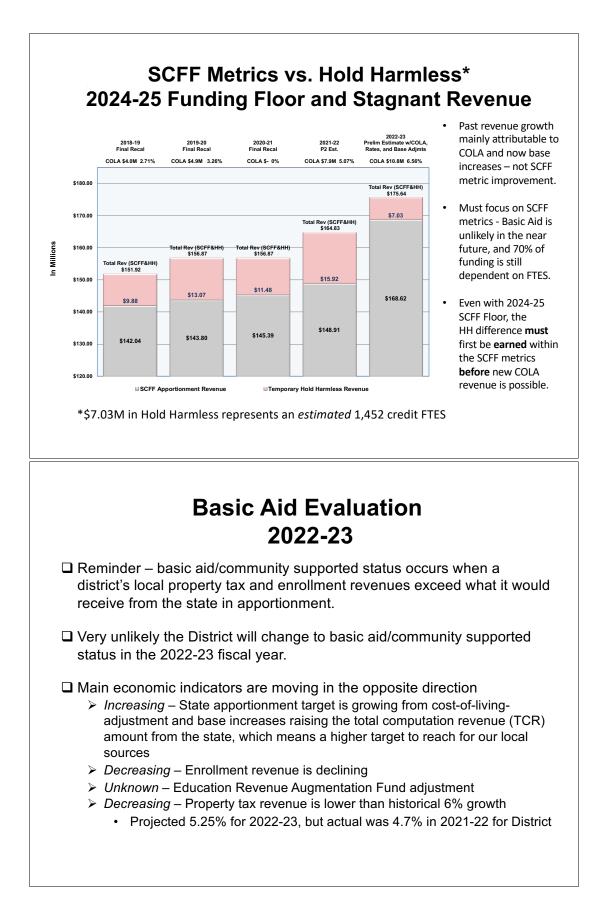

Nonresident FTES, Units, and Revenue Observations

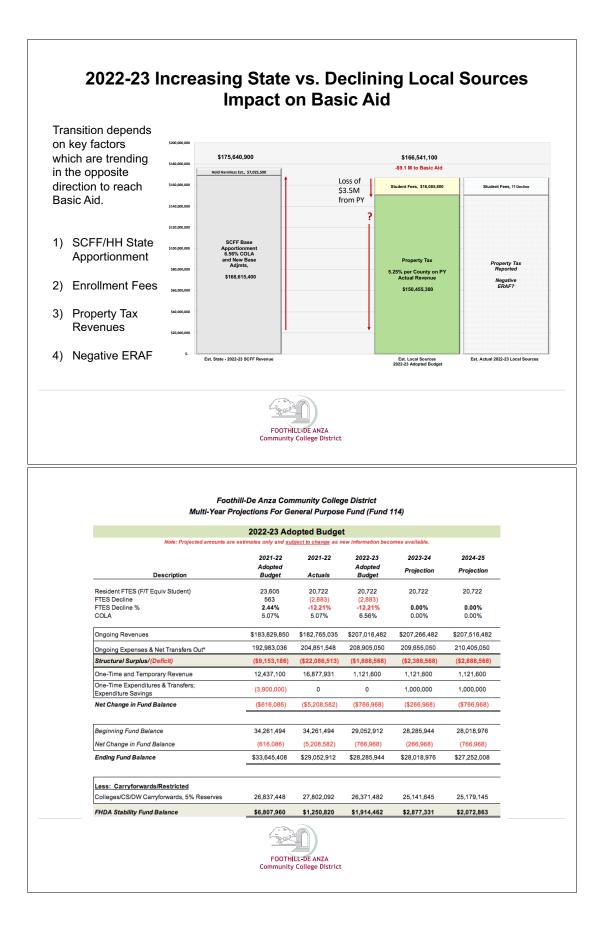

- 2021-22 actual loss of 623 Nonresident FTES or 24% over prior year. Since 2014-15, a cumulative loss of over 2,811 Nonresident FTES or 59%.
- □ Since 2018-19, the cumulative ongoing revenue loss is \$10.4M and units decline is +50%.
- □ In 2019-20 Adopted Budget, nonresident revenue accounted for 15% of Base Revenue, in 2022-23 it is 7%.
- □ Actual revenue loss was \$4.1M or 20% in 2021-22.
- □ Continue strategy to continue to reduce ongoing revenue dependency due to consistent decline and volatility.

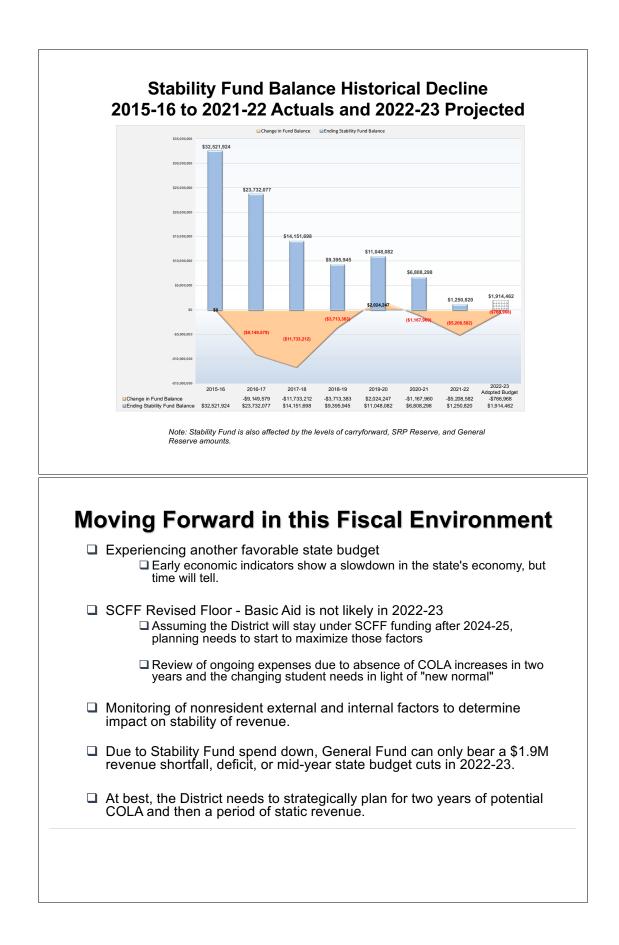

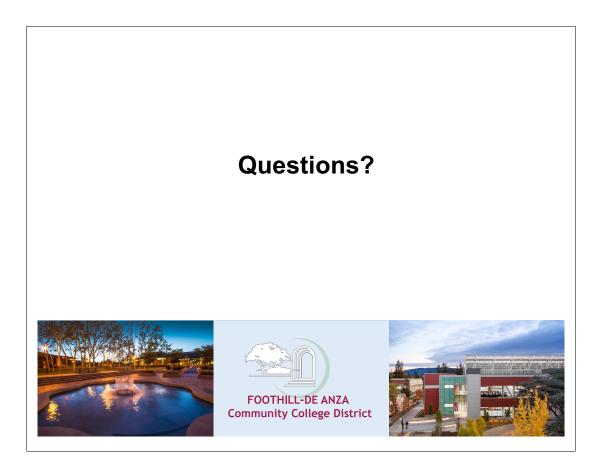

2022-23 Adopted Budget Overview

The Adopted Budget for fiscal year 2022-23 reflects the changes that occurred between the Governor's proposed budget in May and the state budget negotiated by the Governor and Legislature in June. The final state budget continued to reflect the positive economic conditions being experienced in California, albeit with increasing concern about the future economic stability of the state. The conservative trend of allocating one-time versus ongoing money for new spending was left in place, allowing the state to roll-back funding in future years if needed. As noted in the May Revise, the tendency to distribute this funding through smaller, specifically focused funding programs may have additional impacts on resource needs for planning and reporting.

Some of the key items in the final state budget are:

- Ongoing Funding Allocations
 - Cost-of-living adjustment (COLA) was maintained at 6.56% for the Student Centered Funding Formula (SCFF) or \$10.8 million to the District's allocation.
 - o 6.56% COLA to various categorical programs.
 - \$600 million for an increase to the SCFF funding rates for the base, supplemental, and success allocations. This increase improves the ongoing portion of the District's calculated SCFF revenue and reduces the Hold Harmless portion but does not bring new funding to the District.
 - \$25 million to modernize community college technology and protect data
- One-Time Funding Allocations
 - \$840 million for deferred maintenance, or \$17.7 million to the District.
 - \$650 million block grant to assist districts in addressing issues related to the pandemic. The District's portion is \$16.1 million.
 - \$75 million to modernize community college technology and protect data, with the allocation method to be determined.

There were numerous allocations to programs with specific purposes, both ongoing and one-time, and the system continues to receive information about the funding allocation process and the requirements for receiving the funding. While recovery from the pandemic is still a primary concern, funding part-time

faculty insurance, enrollment strategies, basic needs and housing were among priorities that received specific allocations. It is also worth noting that in some cases the ability to receive funding is being tied to completely unrelated metrics. For example, to receive the block grant funding related to the pandemic, a district must report part-time faculty medical coverage data.

The proposed change to the Hold Harmless funding, namely setting a district's funding "floor" at the amount it earns in the 2024-25 fiscal year was approved in the final state budget. Effective in 2025-26, districts will be funded at either the amount generated under the SCFF or the 2024-25 "floor", whichever amount is higher. The intent is to mitigate the potential "cliff" that might be experienced when a district is required to drop from Hold Harmless to SCFF funding. It is important to note that cost-of-living adjustments (COLA) will not be applied to this new "floor" unless specifically addressed in the state's annual budget language. Therefore, a district would be frozen at this revenue level until its earned SCFF funding through the District's performance exceeds the "floor" using the defined formula metrics. The District anticipates remaining under Hold Harmless until the funding's scheduled end in the 2024-25 fiscal year. After this time, barring any increases to base funding or specific budget allocations, the District would need to grow its FTES and improve its supplemental and student success metrics in order to increase its revenue allocation from the state. The District is not likely to achieve basic aid/community supported status in the near future.

In addition to revenue, several other key factors continue to be monitored, in particular the change in FTES, the likely ongoing expense growth versus the unlikely ongoing revenue growth, continued pandemic effects, and financial reserve levels. The latter is especially critical in light of the State Chancellor's Office recommendation that districts maintain two months of average operating expenses as a reserve in lieu of the traditional 5%. For the District, this would likely take us from approximately a \$10 million general reserve to closer to \$34 million, which includes carryforwards and the stability fund.

Revenues

The Adopted Budget plans for \$208.1 million in Unrestricted General Fund revenue, which is \$11.9 million higher than prior year's Adopted Budget. It is important to note that the majority of this increase is due to COLA as the FTES of the District once again declined in 2021-22. The final resident enrollment results were 20,722 FTES, a loss of 12% or 2,883 resident FTES from last fiscal year.

The 6.56% COLA increase resulted in a total of \$10.8 million in additional revenue, plus \$2.6 million in Full-Time Faculty Hiring and \$700,000 in other revenue increases. This increase was offset by a decline of \$2.2 million in Nonresident revenue. The Adopted Budget assumes the District will continue to be funded under the Student Centered Funding Formula with the Hold Harmless provision at \$175.6 million. After applying the COLA, funding rate increases, and base increase, the portion attributed to

the SCFF ongoing base funding rose to an estimated \$168.6 million with the Hold Harmless revenue portion at \$7 million.

Nonresident revenue is budgeted at \$15.5 million or \$2.3 million less than last year's Adopted Budget of \$17.8 million. The decrease reflects -12%, or just under half the loss of units over the last two years. The reduction in units is an acknowledgment of the consistent declining trend in this area. An optimistic 2021-22 approach was taken in hopes that nonresident FTES would recover as the effects of the pandemic began to normalize. Unfortunately, the recovery of enrollment did not materialize with the actual revenue generated in 2021-22 at \$16.4 million which was 20% or \$3.7 million lower than prior year actuals. The current year's \$15.5 million revenue budget assumes \$14.4 million as ongoing base revenue with \$1.1 million related to the increase in per unit cost approved by the Board of Trustees in February 2022. We will continue to show any increase in the nonresident revenue beyond the base as temporary revenue to reduce our dependency on this volatile and diminishing revenue source.

Expenditures

The total estimated general fund 2022-23 Adopted Budget expenditures and net transfers equal \$208.9 million with overall expenses increasing by a net \$14.7 million over the 2021-22 Adopted Budget. The overall net change was mainly the result of approximately \$13.4 million in salary/benefits expenditures related to ongoing COLA for all labor groups, classification and compensation increases for classified, administrators and confidential groups, part-time faculty parity pay, increased STRS/PERS contribution rates, and increases in Unemployment Insurance, offset by position eliminations/retirements and a decrease in the workers compensation rate. The workers compensation rate will continue to be reviewed as operations normalize after several years of remote work due to the pandemic. There was a net \$1.3 million increase in operating expenditures for required property liability insurance rising premiums, technology, maintenance and facilities support contracts.

Projected Operating Results, Fund Balance and Stability Fund

The Adopted Budget has a deficit operating result of \$766,000 and an ending fund balance of \$28.2 million. The District's Stability Fund balance is intended to offset shortfalls at the end of the year and has done so for many of the last few fiscal years. In the past, it has also provided for strategic deficit spending during budget reductions, allowing a longer planning time to minimize layoffs and other impacts. The Stability Fund balance at June 30, 2023 is approximately \$1.9 million, a low amount in light of the projected economic challenges ahead. Given the aforementioned recommended reserve of two months, even after factoring in the carryforwards from the campuses and Central Services, the District would still be short \$6 million.

In spite of its funding status, either SCFF/Hold Harmless or community supported, it is critical that the District continues to prioritize keeping a healthy stability fund to weather any economic downturns or other challenges. As shown by the volatility in nonresident revenue, having a stability fund to compensate for short-term unexpected shortfalls and allow for long-term planning is essential in keeping the finances of the District stable and allowing for the continued support of our students as we adjust to any upcoming changes.

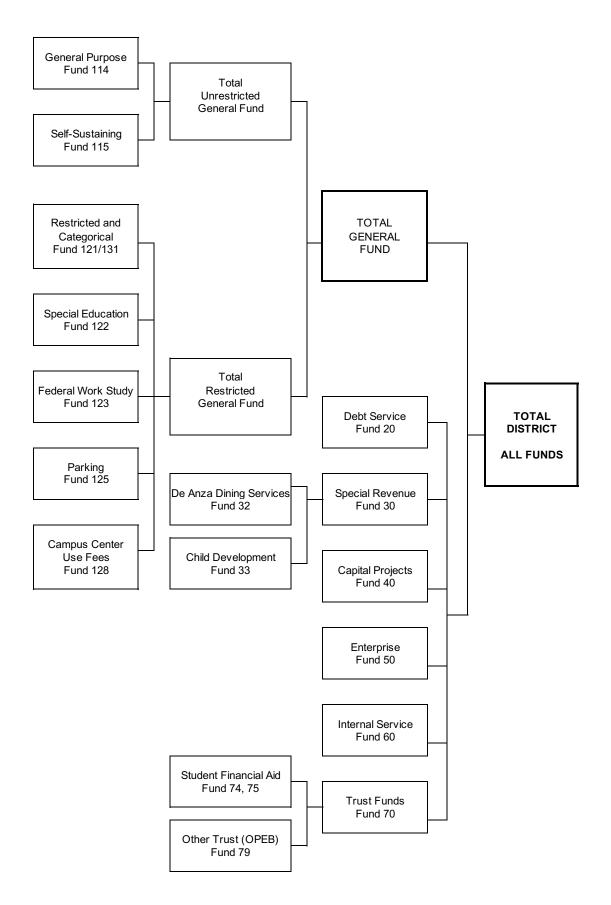

Looking Beyond 2022-23

Actions taken during the next few years will clearly define the fiscal needs and health of the District. The extension and establishment of a new "floor" for the Hold Harmless funding is beneficial, but it's critical that the District use these two years to plan and position itself for a circumstance where its ongoing revenue may be static, or potentially decline as has been proven with unstable nonresident revenue. The reimagining that is being conducted in 2022-23 is a prime opportunity to not only look at how the District provides educational opportunities for its students, but also to establish financial priorities and targets, including healthy reserves.

Renewed attention to SCCF student success metrics is a priority, an action that by necessity has not played a key role in the last few years due to pandemic challenges. During this time the District has been extremely fortunate to benefit from the revenue stability and COLA increases provided under Hold Harmless since 2018-19, even though enrollment was rapidly declining. Managing the SCFF student success metrics and understanding the impact for each College are critical components to better position the District to continue to grow after Hold Harmless ends.

As always, being flexible and adaptable to change will be key in the District's ability to not only reach a stable fiscal state but also continue to provide the high-level instructional and support services expected by our students, faculty, staff and community.

Intra-Fund Transfers (Between Unrestricted General Funds): Fund 115 to 114: 50,000 for Foothill commencement

Intra-Fund Transfers (Between Restricted General Funds):

ALL FUNDS CHART

GENERAL PURPOSE FUND Fund 114

The General Purpose fund is part of the unrestricted general fund. This fund accounts for the majority of the district's revenues and expenditures. Approximately 85% of this fund's revenue typically comes from base apportionment revenue, 7% from non-resident tuition, 2% from lottery proceeds, and 6% from other sources.

Base apportionment revenue is comprised of four revenue sources:

- Property Taxes 70.5%
- Student Enrollment Fees 9%
- State General Apportionment 1%
- EPA (Prop 30) Proceeds 19.5%

The state estimates the amount of property taxes and enrollment revenue that will be generated during the year and budgets general apportionment accordingly. When either property taxes or enrollment revenues are less than originally budgeted, the state general apportionment for community colleges is not increased to make up the deficit in base revenues, resulting in the imposition of a "deficit factor" on revenues.

General Purpose Fund expenses account for the majority of the district's operating expenses. Ongoing salaries and benefits comprise 86% of the total budgeted general fund expenses.

Fixed expenses such as leases, utilities, debt payments, insurance premiums, bank and credit card fees, collective bargaining costs, district-wide software maintenance, and a transfer out to DSP&S (Disabled Student Programs and Services), Federal Work Student Program and Parking Fund comprise 10% of the total general fund expenses. The remaining 4% constitutes the campuses' and Central Services' discretionary B budget, approximately \$8.6 million.

ALL FUNDS CHART

SELF-SUSTAINING Fund 115

Self-Sustaining funds, as the name implies, counterbalance operating expenditures against the revenues generated from various instructional and non-instructional arrangements. Not all related costs are allocated to these programs but, for those expenses that are charged, the programs are expected to generate income or use accumulated balances to cover them. Although budgets are used as a means to forecast and control revenue and expenditure activity, spending is solely dependent upon their ability to generate sufficient revenue to adequately support such operations.

Most accounts within this group have residual funds, and excess revenues over expenditures are available for use at the respective college's discretion. The residual funds are regarded as *designated funds*, which mean that, although the District regards them as restricted, they are actually *unrestricted* and are reported to the state as such. The Board of Trustees has the discretion to use the funds for any lawful purpose.

TOTAL DISTRICT

ALL FUNDS CHART

RESTRICTED and CATEGORICAL Fund 121/131

Restricted and Categorical Funds are those resources that come from federal, state, or local agencies. In general, funds received by categorical programs are restricted for a specific purpose. For fiscal year 2022-23, the district is budgeting \$25 million in federal, \$60.4 million in state, and \$2.5 million in local funding. The principal programs in the Restricted and Categorical fund are as follows:

Perkins Career and Technical Education Act (CTEA): Federal funds administered by the state for technical education and improvement of career and technical programs. For fiscal year 2022-23, the allocation is \$933K.

Student Equity & Achievement (SSSP, Student Equity, & Basic Skills), Board Financial Assistance Program (BFAP), Staff Development, Staff Diversity, Extended Opportunity Programs and Services (EOPS), Cooperative Agencies Resources for Education (CARE), and CalWORKs: These programs target specific populations or services funded by the state. For fiscal year 2022-23 the district is expected to receive \$15.1 million in funding from the combined categorical programs.

Instructional Equipment and Library Materials (Block Grant): The District is budgeting \$4.5 million from carryforward in State funding to meet instructional equipment and library materials needs.

California Virtual Campus - Online Education Initiative (CVC-OEI) - formerly Online Education Initiative (OEI): The goal of the initiative is to increase the number of California students who obtain associate degrees and transfer to four-year universities by dramatically increasing the number of online classes available to community college students and providing those students with comprehensive support services to help them succeed. The original five-year OEI grant ended on June 30, 2018. The Chancellor's Office awarded the second five-year California Virtual Campus Online Education Initiative (CVC-OEI) grant to Foothill-De Anza Community College District in 2019. The CVC-OEI grant receives \$20 million per year for five years, ending June 30, 2023.

Adult Education Block Grant: The Adult Education Block Grant Program provides adult education funding to county offices of education, school districts, and regional consortia to support Assembly Bill 86 specified programs. The intent of AB 86 is to expand and improve the provision of adult education with incremental investments beginning with fiscal year 2015-16. The allocation for fiscal year 2022-23 is \$491K.

Strong Workforce Program: At the recommendation of the California Community College Board of Governors, the Governor and Legislature approved the Strong Workforce Program, adding a new annual recurring investment of \$200 million to spur career technical education (CTE). This was included in the 2016 Budget Trailer Bill and chaptered into California Ed Code 88820-88826. The purpose is to develop more workforce opportunities to lift low-wage workers into living-wage jobs, with the goal of creating one million more middle-skill workers. This program is grouped into seven areas targeting student success, career pathways, workforce data and outcomes, curriculum, CTE faculty, regional coordination, and funding, and builds upon existing regional partnerships formed in conjunction with the federal Workforce Innovation and Opportunity Act, state Adult Education Block Grant and public school CTE programs. The local allocation for fiscal year 2022-23 is \$2.5 million.

Guided Pathways: The 2022-23 California State Budget provided \$47.5 million in one-time grants for California community colleges with the district receiving \$759K. The Guided Pathways framework creates a highly structured approach to student success that provides all students with a set of clear course-taking patterns that promote better enrollment decisions and prepare the students for future success.

Health Services Fees: Health Services fees are set by the state, and we are mandated to provide a fixed level of services. These fees are collected from students and are restricted for the provision of health services for students.

California College Promise (AB19): Provides funding to help increase the number of high school students enrolling into California community colleges, the number of students successfully completing a career education goal or transferring, reducing, and eliminating achievement gaps. The district is receiving \$3.8 million in fiscal year 2022-23.

Mellon Scholars Grant: Funded by the Andrew W. Mellon Foundation. This grant was awarded to Foothill-De Anza in partnership with the University of San Francisco and was renewed for an additional four-year \$1.8 million grant from 2021 to 2024. These funds support selected underserved and underrepresented students, identified as Mellon Scholars, in the study of humanities with the ultimate goal of obtaining a four-year college degree.

Higher Education Emergency Relief Fund (HEERF): As a continuation of the prior CARES Act funding, the district received HEERF II and HEERF III funding authorized by the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSAA) and by the American Rescue Plan (ARP) respectively to support and serve students and ensure learning continues during the COVID-

19

19 pandemic. The district has spent \$14.6 million of the \$37.9 million allocations. For fiscal year 2022-23, the district is budgeting \$23.3 million.

Strengthening Institutions Programs (SIP): Awarded by the United States Department of Education under Title III. This \$2.25 million federal grant was awarded to De Anza College for five years from 2021 to 2026. The program helps eligible Institutions of Higher Education to become self-sufficient and expand their capacity to serve low-income students by providing funds to improve and strengthen the academic quality, institutional management, and fiscal stability of eligible institutions.

National Science Foundation: De Anza College's Design and Manufacturing Technologies Department (DMT) received \$525K of federal funding to be spent over next three years. The Manufacturing Automation and Additive Design Excellence (MAADE) project builds on DMT's existing curriculum and industry partnerships to keep pace with technological advances and meet workforce demand for qualified CNC machinists, CAD designers, and additive manufacturing/3D printing technicians.

Basic Needs Center: This is an on-going state funding for the purpose of establishing on-campus Basic Needs Center and designate at least one staff person as the Basic Needs Coordinator to provide holistic, comprehensive basic needs services and resources to students to support their successful matriculation through the California community colleges system and beyond. The allocation for fiscal year 2022-23 is \$758K.

Mental Health Program: Senate Bill 129 (Budget Act of 2021) includes \$30M in ongoing local assistance funds to support expanding the availability of mental health services available to California community college students. The allocation for fiscal year 2022-23 is \$654K.

Retention and Enrollment Outreach: State funding to be used primarily to engage former community college students that may have withdrawn from college due to the impacts of COVID-19, as well as with current community college students that may be hesitant to remain in college and prospective students that may be hesitant to enroll in a community college due to COVID19. The allocation for fiscal year 2022-23 is \$2.1 million.

Basic Needs Center (Student Food and Housing Support): Assembly Bill 132 (the Postsecondary Education Trailer Bill) provides \$100 million in one-time funding to help California community colleges provide comprehensive basic needs services to reduce equity and achievement gaps among traditionally underrepresented student populations across California. The allocation for fiscal year 2022-23 is \$553K.

Dream Resource Liaisons Support Funds: Established to ensure that each California Community Colleges has a staff person designated as a Dreamer Resource Liaison, or UndocuLiaison, who is knowledgeable in available financial aid, social services, state-funded immigration legal services, internships, externships, and academic opportunities for all students meeting the requirements set forth in Section 68130.5, including undocumented students. The allocation for fiscal year 2022-23 is \$222K.

SPECIAL EDUCATION Fund 122

Special Education is a program mandated by *Title V* and is partially funded by a restricted categorical state fund, with the remaining balance covered by a transfer in from the General Purpose Fund. It provides services for students who have physical, developmental, or learning disabilities. Services include special classes, interpreters, on-campus assistance, test-taking assistance, computer-aided labs, and priority registration.

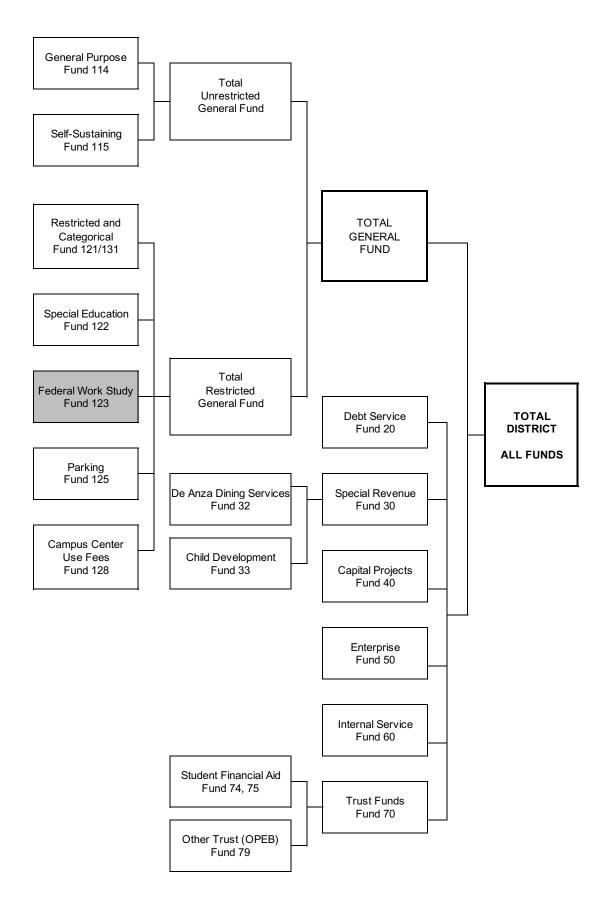

For the 2022-23 adopted budget, we anticipate receiving approximately \$4.2 million in state revenues for Special Education. Expenses for the Special Education Fund are estimated at \$8.3 million. The district anticipates transferring in \$4.1 million from the General Purpose Fund as college effort and to balance the fund. The college effort funds are necessary to meet the state requirement for receiving state Disabled Student Programs and Services (DSP&S) revenues and serving students with special needs.

FEDERAL WORK STUDY Fund 123

Federal Work Study is a federal program providing financial aid to students in the form of compensation for work performed for on-campus and off-campus work. The district is required to contribute 25% of the total funds compensated to work-study employees. Beginning with the 2000-01 year, institutions were required to spend at least 7% of the work-study allocation to pay students performing community service work.

For fiscal year 2022-23, the Department of Education has offered a waiver for the 25% District contribution. De Anza college opted to take the waiver while Foothill college continues making the district contributions as in past years.

TOTAL DISTRICT

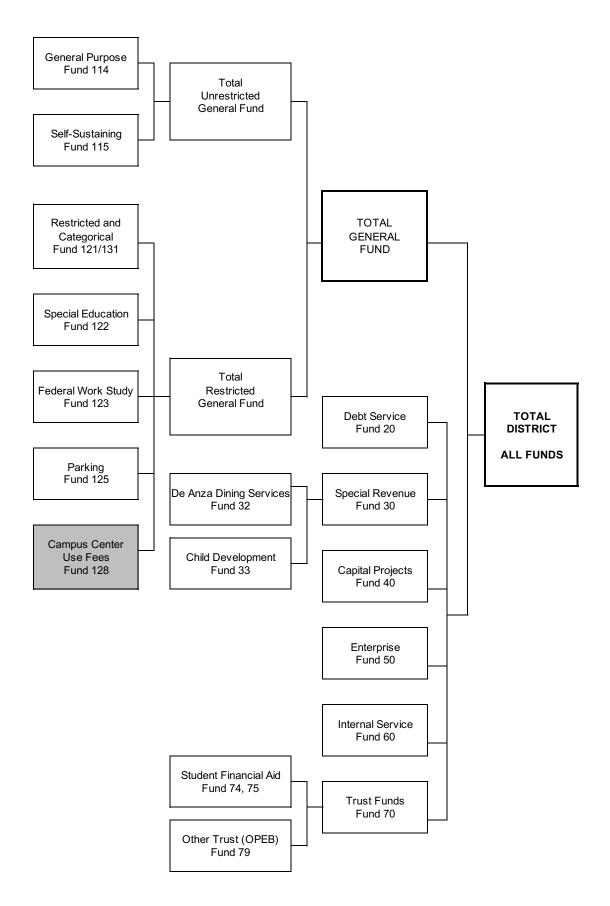

PARKING Fund 125

Fees from parking permits are governed by the state Education Code section 76360. This fund collects all revenues and expenses associated with providing parking services at both campuses. Revenues are derived from sales of parking decals, daily permits, and fees from special events. Expenditures are restricted by state law to road and parking lot maintenance, parking security costs, related operating overhead and public transportation for students and staff. Unlike the health fee, the parking fee does not rise automatically with the Consumer Price Index. This results in continued reductions to security services for parking and virtually no dollars available for parking lot maintenance.

The district is planning to charge parking fees for only Winter and Spring Quarters in fiscal year 2022-23. The excess of operating expenses over revenue of \$752K will be covered, as in prior years, by a transfer in from the General Purpose Fund to allow the Parking Fund to break even for the year.

CAMPUS CENTER USE FEES Fund 128

Revenues are generated by collecting a mandatory fee for use of the campus centers at each institution. The proceeds are isolated by campus and are restricted for repair and replacement of existing student campus center facilities, and personnel support of campus center operations.

For fiscal year 2022-23, the campus center use fees fund is projected to receive \$1.6 million in local revenue. Expenses are estimated at \$1.96 million. The Campus Center Use Fees Fund is projecting a deficit of \$363K, leaving the fund balance at \$234K.

DEBT SERVICE Fund 20

This fund is for the repayment of current principal and interest due on the district's general long-term debt and lease arrangements (Certificates of Participation). Resources are generally transferred into this fund from the fund or account that initiated the original debt or lease. This fund also accounts for the legally required reserves mandated by the various debt or lease issuances.

The district has issued several major debt instruments in recent years to finance large capital purchases. The debt instruments are as follows:

• **May 2000:** The District issued \$99.9 million of the General Obligation Bond, Series A, with effective interest rates of 4.25% to 6.26%. Payments of principal and interest are made August 1 and February 1 of each year.

• **October 2003:** The District issued \$90.1 million of the General Obligation Bond, Series B, with effective interest rates of 2% to 5.79%. Payments of principal and interest are made August 1 and February 1 of each year.

• **April 2005:** The District entered into a capital lease agreement with CitiMortgage, Inc., since acquired by PNCEF, LLC, to finance the purchase and installation of Photovoltaic Solar Collecting Systems at Foothill College and De Anza College. The amount of the lease is \$3,188,626 with a repayment term of over fifteen years. Savings from the utility charges will be used to service the debt payment each year. This lease is no longer active. It was refinanced in December 2016.

• **October 2005:** The District refinanced a portion (\$22,165,000) of the General Obligation Bond, Series B (original value \$90,100,063) with effective interest rates of 3% to 5.25%. Payments of principal and interest are made August 1 and February 1 of each year.

• **October 2005:** The District issued \$57.9 million of the General Obligation Bond, Series C, with effective interest rates of 4.81% to 5.03%. Payments of principal and interest are made August 1 and February 1 of each year.

• **November 2006:** The District financed a Certificate of Participation for \$11.33 million, with effective interest rates of 3.5% to 5%. Payments of principal and interest are made on September 1 and March 1 of each year. The estimated annual payment is \$1,020,254. The financed amount of

the COP will be used for the renovation portion of the Foothill and De Anza Campus Center buildings and Foothill Bookstore Equipment, Furniture and Fixtures. This Certificate of Participation is no longer active. It was refinanced in December 2016.

• **May 2007:** The District issued \$149,995,250 of the Election of 2006 General Obligation Bond, Series A, with effective interest rates of 4% to 5%. Payments of principal and interest are made August 1 and February 1 of each year.

• **May 2007:** The District issued \$99,996,686 of the Election of 2006 General Obligation Bond, Series B, with effective interest rates of 4% to 5%. Payments of principal and interest are made August 1 and February 1 of each year.

• June 2011: The District issued \$184 million of the Election of 2006 General Obligation Bond, Series C, with an effective interest rate of 5%. Payments of principal and interest are made August 1 and February 1 of each year.

• **May 2012:** The District issued a General Obligation Refunding Bond in an aggregate principal amount of \$70,735,000 to pay for the current refunding of a portion of the District's outstanding 2002 General Obligation Refunding Bonds, the advance refunding of a portion of the District's outstanding Election of 1999 General Obligation Bonds, Series B, the advance refunding of a portion of the District's outstanding Election of 1999 General Obligation Bonds, Series B, the advance refunding of a portion of the District's interest rates of 0.25% to 5%. Payments of principal and interest are made August 1 and February 1 of each year.

• August 2013: The District entered into a capital lease agreement with Capital One Public Funding, LLC, to refinance the 2003 Certificate of Participation of \$18.2 million. The refinanced lease amount of \$7.58 million constitutes the remainder of the refinanced \$18.2 million COP with effective interest rates of 1.75% for a term of eight years. Payments of principal and interest are made on September 1 and March 1 of each year. The lease agreement is no longer active as it matured on September 1, 2020.

• **August 2014:** The District issued a General Obligation Refunding Bond in an aggregate principal amount of \$103,015,000, which will be used to refund portions of the district's outstanding Election of 1999 General Obligation Bonds, Series C, Election of 2006 General Obligation Bonds, Series A, and Election of 2006 General Obligation Bonds, Series B, with effective interest rates of 0.86% to 3.36%. Payments of principal and interest are made August 1 and February 1 of each year. The

1999 General Obligation Refunding, Series C was fully refinanced by the 2020 Election General Obligation Bonds.

• **August 2015:** The District issued a General Obligation Refunding Bond in an aggregate principal amount of \$83,100,000, which will be used to refund portions of the district's outstanding Election of 2006 General Obligation Bonds, Series A, and Election of 2006 General Obligation Bonds, Series B, with effective interest rates of 1% to 5%. Payments of principal and interest are made August 1 and February 1 of each year.

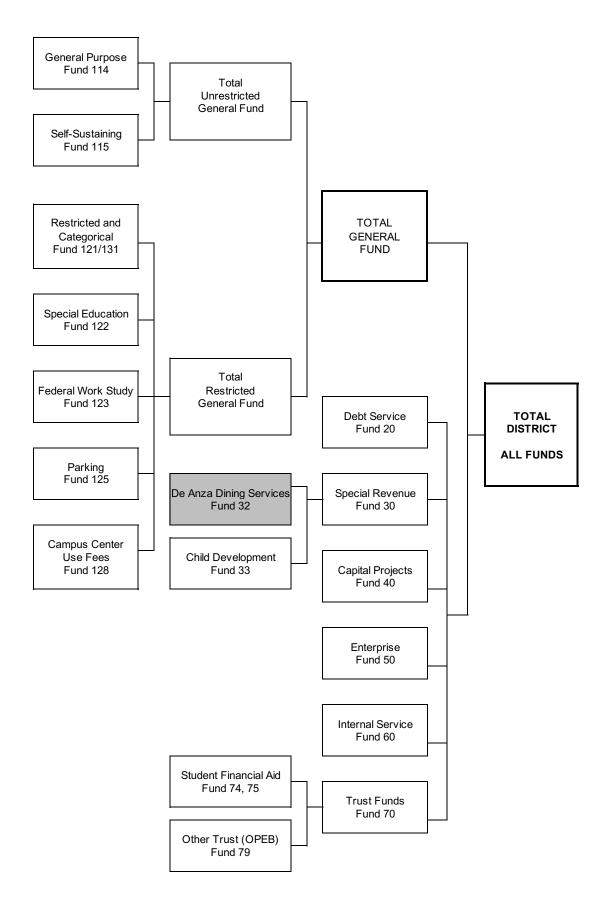

• October 2016: The District issued the following 2006 Election General Obligation Bond: \$26 million of the General Obligation Bond, Series D, with effective interest rates of 3% to 5%, \$30.7 million of the General Obligation Bond, Series E (taxable), with effective interest rates of 2.4% to 3.2%, and 2006 General Obligation Refunding Bond in an aggregate principal amount of \$201.7 million, which was used to fully refund the District's outstanding Election of 2006 General Obligation Bonds, Series C, with effective interest rates of 2% to 5%. Payments of principal and interest on 2006 Election General Obligation, Series D and Series E, and 2006 General Obligation Refunding Bond are made August 1 and February 1 of each year.

• **December 2016:** The District refinanced a Certificate of Participation for \$27.76 million, with effective interest rates of 2% to 5%. Payments of principal and interest are made on October 1 and April 1 of each year. The estimated annual payment is \$1.7 million. This Certificate of Participation constitutes the remainder of the \$3.1 million lease with PNCEF, LLC (\$790,000), the remainder of the \$11.33 million COP (\$3.58 million), and \$23.4 million for the De Anza Flint Center Parking Garage Retrofit Project. This Certificate of Participation was refinanced in 2020 General Election Bond and is no longer active.

• **April 2020:** The District issued the following 2020 Election General Obligation Bond: \$20 million of the General Obligation Bond, Series A, with effective interest rates of 2.1% to 3%, and \$90 million of the General Obligation Bonds, Series B (taxable), with effective interest rates of 0.1% to 2.5%. The district also issued 2020 General Obligation Refunding Bonds in an aggregate principal amount of \$164 million, which were used to partially refund the District's outstanding 1999 Election of 2012 and 2014 General Obligation Refunding, and the outstanding 2006 Election of 2014 and 2016 General Obligation Refunding. Payments of principal and interest are made August 1 and February 1 of each year.

DE ANZA DINING SERVICES Fund 32

The De Anza Dining Services Special Revenue Fund was created in March 2022, as a result of transitioning the De Anza Dining Services financial operations from the Enterprise Fund. Under the new Special Revenue Fund structure, De Anza Dining Services will focus on providing dining services to the students, faculty, and staff of the college. The revenues obtained through retail services, catering, conference clients, and food vendors are intended to maintain a certain level of service, not fully recover the costs of providing such services. Since the objective is not cost recovery or profit, the college plans on subsidizing the operation through other sources as long as those funds are available.

In the fiscal year 2022-2023, we are budgeting \$465K in total revenue and \$1.14 million in total expenses which will contribute a net loss of \$672K. The net loss is expected to be absorbed by the fund balance.

CHILD DEVELOPMENT Fund 33

The Child Development Fund supports the costs associated with the Child Development Center located at De Anza College. The De Anza Child Development Center provides childcare to children between the ages of one and six years old. The center is also utilized as a facility for Early Childhood Education students to observe and train. In 1999-00, De Anza opened an infant-toddler center to support Foothill-De Anza students, including CalWORKs students, and for use by the community.

For fiscal year 2022-23, we are budgeting \$1.6 million in revenue from local parent fees, \$659K from state contracts, \$499K from state tax bailout funds, and \$10K in revenue for federal and state food reimbursement. We are budgeting total revenue and related expenses of approximately \$2.8 million for the Child Development Fund.

CAPITAL PROJECTS Fund 40

Each account in this fund represents a specific capital project objective of sufficient importance to warrant separate accounting from the General Purpose Fund. Project budgets, budget transfers, and actual project expenditures are periodically submitted for review to the Board of Trustees, and if necessary, state agencies. Bond funded project activity is also periodically reviewed by the Board's Audit and Finance subcommittee and the Citizens' Bond Oversight Committee.

Budgets are reported on a project basis against expenditures incurred over the years the project is active which is referred to as project-to-date expenditures. Actual revenues and expenditures are also reported and accounted for on fiscal year basis. Funding may come from either outside sources, such as state sources, General Obligation Bonds, or from transferring resources from internal funds to fund projects that meet the capitalization threshold and requirements for the assets being created. Facilities and Operations assumes fiscal responsibility for most of these financial accounts and reconciles these accounts with the project cost accounting system. The district currently has a number of major capital outlay projects, clean energy projects, scheduled maintenance, and bond funded projects either under construction or in various planning stages.

This fund is presented in four distinct schedules to report financial activity for the fiscal year. A comprehensive Capital Projects financial statement that encompasses all project activity and funding sources followed by three separate financial statements by funding source that are described below. Information of activity by project/campus and project-to-date expenditures are located at the end of this report in the Capital Projects Summary followed by the Bond Quarterly Reports.

Capital Outlay (Unrestricted and Restricted): Project activity reported in the Capital Outlay financial statement consists of projects that are fully or partially funded by unrestricted sources that are typically transferred from the General Fund. Restricted state funding such as scheduled maintenance is also reported in this financial statement. The Governor's Enacted Budget for 2022-23 includes an increase of approximately \$840.7 million one-time Proposition 98 General Fund to address deferred maintenance needs, which can be used for physical plant, instructional support, water conservation and (for the first time) energy efficiency projects. These resources allow districts to protect investments previously made in facilities, and to improve students' experiences by investing in new instructional equipment. For fiscal year 2022-23, this district will receive \$17,691,225 for Physical Plant and Instructional Support, for which no local match is required.

Measure C Bond: On June 6, 2006, voters in the district's service area approved by a 65.69% margin a \$490.8 million General Obligation Bond (Measure C). In May 2007, the District issued Series A bonds of \$149.9 million and Series B bonds of \$99.9 million. In June 2011, the District issued Measure C, Series C bonds for \$184 million. In October 2016, the District issued Measure C, Series D (tax-exempt) bonds for \$26 million and Series E (taxable) bonds of \$30.76 million. The bond measure will enable the district to upgrade electrical, heating, and ventilation systems; upgrade fire/seismic safety; repair leaky roofs, improve disabled access, repair/expand classrooms for nurses/paramedics; upgrade technology; and repair, construct, acquire, and equip buildings, classrooms, libraries, sites, and science/computer labs. All bond expenditure activity is deemed to be in support of education.

Measure G Bond: On March 3, 2020, voters in the district's service area approved by a 58.88% margin an \$898 million General Obligation Bond (Measure G). The bond measure will enable the Foothill-De Anza Community College District 2022-23 Adopted Budget to repair or replace aging plumbing systems to prevent flooding and water damage, improve water conservation and install systems that will help manage future droughts; improve deteriorating gas, electrical, sewer and plumbing lines and systems; replace aging internet and electrical wiring; improve earthquake safety; upgrade, repair, and maintain classrooms and labs for science, technology, engineering, math-related fields, and career preparation fields like healthcare and early childhood education, as well as improve vocational classrooms and labs for auto repair and technology training programs; construct new permanent buildings; and to improve access to college facilities for students with disabilities.

In January 2021, the Board of Trustees approved the initial version of the Measure G Bond projects and high-level budget allocations. Since then, some of these projects have been updated through Board approved bond list revisions to refine the scope, budget, update the name, and assign the project number consistent with the district's accounting system.

The district issued the first two series of bonds totaling \$110 million from the \$898 million voterapproved authorization in April 2021. Series A represented \$20 million tax-exempt bonds and Series B consisted of \$90 million taxable bonds.

ENTERPRISE FUND Fund 50

De Anza Event Center

The Board of Trustees permanently closed the Flint Center in Spring 2019 with the intention to replace the existing facility with one that would better benefit the students and community. The district is continuing the process of soliciting input for a new facility and has identified the De Anza Event Center as one of its anticipated Measure G funded projects.

Bookstores

The Foothill and De Anza bookstores operations were outsourced to a third-party company, Follett, in October 2021. The financial closeout was completed in the 4th quarter of all District Bookstore operations. The final balances were \$125,196 for Foothill and \$1,455,904 for De Anza. Foothill transferred the fund balance to the Unrestricted General Fund to apply towards short-term bookstore obligations that are occurring within Unrestricted General Fund. De Anza is evaluating their overall needs and priorities and will determine where to apply remaining funds and transfer funds accordingly in 2022-23 fiscal year.

ALL FUNDS CHART

INTERNAL SERVICE

Fund 60

The purpose of this fund is to separately account for particular services provided on a District-wide basis. Costs associated with providing health benefits, workers' compensation, extended sick leave, and post-retirement benefits are to be accounted for in the Internal Service Fund, and an appropriate service rate is charged to each of the other funds.

In the past, this fund was used almost exclusively as an accounting convenience to charge benefits in one fund and then distribute them to all other funds. Certain positive or negative ending balances are closed to the Unrestricted General Purpose Fund at year-end. Benefits accounting analysis continues to improve on the various benefit types, requirements, costs, and funding. As more information becomes available, changes to improve reporting and accounting efficiency have been implemented. As an example, activities are monitored separately with performance measured in accordance to specific objectives and timelines which has an effect on the Rate Stabilization Fund (RSF).

The Rate Stabilization Fund (RSF) is accounted for within the Internal Service Fund. It is used to offset costs and stabilize the variable benefit rate increases so that increasing costs can be "smoothed out" more gradually, allowing time to adjust the plan and/or rates in an informed manner through the Joint Labor Management Benefit Committee (JLMBC). The RSF activity is reported on a calendar year basis to align with the benefit plan year. Final RSF benefit plan year balances are reported in the second quarter report after plan year contributions and expenses are closed out in December.

ALL FUNDS CHART

STUDENT FINANCIAL AID Fund 74, 75

These funds are used for federal, state, and local financial aid programs. The federal programs include Pell Grants, Supplemental Educational Opportunity Grants (SEOG), AmeriCorps community service initiative grants and one-time funding from the HEERF I, II, and III. In the 2022-23 fiscal year, the district is expected to receive \$26.3 million in federal funds for student financial aid.

The state programs include Extended Opportunity Programs and Services (EOPS) grants, Cal Grants, the Student Success Completion Grant (SSCG) and one-time funding from the Emergency Financial Assistance for California Community College Students. For 2022-23 fiscal year, the districts state funding increased by \$8.8 million mainly due to increased funding from SSCG and the one-time funding for Emergency Financial Assistance. Local programs include a variety of scholarships.

ALL FUNDS CHART

OTHER TRUST (OPEB) Fund 79

This fund reports on assets that are set aside in an irrevocable trust to help address the district's unfunded liability related to Other Post-Employee Retirement Benefits (OPEB). In accordance with Governmental Accounting Standards (GASB) and other state government codes, the funds are invested in an IRS Section 115 trust fund, California Employers' Retiree Benefit Trust Fund (CERBT) under CalPERS. The actuarial study and funding plan were prepared in accordance with GASB 75. This does not affect the reporting of Fund 79 within the quarterly financials, which only presents the budget and income statement activity during the fiscal year.

Annually, this fund incurs minimal activity consisting of the district's annual contribution, income and fees. This is typically recorded in the second quarter, with investment income and administrative fees recorded in the fourth quarter of the fiscal year with the projected new-year balance reflected in the Adopted Budget.

For the 2022-23 fiscal year, we will recommend a transfer of \$1.5 million from the General Purpose Fund to contribute to the California Employers' Retiree Benefits Trust (CERBT) for Other Post-Employment Benefits (OPEB) liability. The following table is a historical summary of the irrevocable trust's activity which reflects an estimated balance of \$31,745,035 for fiscal year 2022-23.

SUPPLEMENTAL INFORMATION

RESOLUTION 2022-22

Whereas, Title V, Section 58199, requires that the total amount budgeted as the proposed expenditure of the district for each major classification of district expenditures listed in the district budget forms shall be the maximum amount which may be expended for that classification of expenditures for the school year, and

Whereas, the district has reserves in excess of the amount required by Board policy, and

Whereas, the Board of Trustees by resolution may provide for budget revisions,

Be it therefore resolved, that the budget revisions be approved as follows:

BUDGET REVISIONS

The major elements of our budget revisions are listed below. The descriptions contain amounts for each type of budget revision; the tables represent the <u>net</u> revisions to each classification of expenditure.

Fund 114 - General Purpose Fund

The <u>major</u> revisions to the General Purpose Fund include a net increase to campus and Central Services revenues (\$70,047), with corresponding increases to the materials and operating expenses categories; increases to local revenue for revenue received from De Anza Student Accounts for student tutors (\$62,552), for the sales of surplus items (\$18,408), and for Procard rebates (\$11,288), with corresponding increases to various expense categories; transfers out to the Restricted and Categorical Fund to close out Foothill Health fees fund (\$448,394) and for salary backfill (\$4,784), with corresponding decreases to the operating expenses, salaries and benefits categories; an increase to State revenue for revenue received for the Full-Time Faculty Hiring (\$2,634,773) with a corresponding increase to the certificated salaries category.

GLOSSARY

Abatements: The cancellation of part or all of a receipt or expense previously recorded.

Accounts Payable: Amounts due and <u>owing to</u> persons, business firms, governmental units or others for goods or services <u>purchased and received</u> but unpaid as of June 30. This is different from an *encumbrance*, which is goods or services purchased but <u>not</u> received or paid by June 30.

Accounts Receivable: Amounts due and <u>owing from</u> persons, business firms, governmental units or others for goods or services provided but uncollected prior to June 30.

Appropriations: Funds set aside or budgeted for a specific time period and specific purpose. The state legislature sets the appropriations for community colleges and other agencies through the Budget Act each year. The deadline for the Budget Act to be passed is July 1 but the legislature and governor rarely adhere to this deadline. The Board of Trustees sets the appropriations limits for the district when it approves the budget. The tentative budget must be approved prior to July 1, and the final budget must be approved prior to September 15. The trustees must approve revisions and changes to the appropriations limits by resolution.

Appropriation for Contingency: An official budget category established by the state for schools to budget contingency funds. Expenditures are not to be made from this category. Rather, transfers are made as required to the appropriate expenditure categories.

Appropriations Limitation: See Gann Limitation.

Assessed Valuation: A value of land, residential or business property set by the county assessor for property tax purposes. The value is the cost of any newly built or purchased property, or the value on March 1, 1975, of continuously owned property plus an annual increase of 2% (see Proposition 13). The assessed value is not equivalent to the market value, due to limitations of annual increase.

Associated Students Funds: These funds are designated to account for <u>monies held in trust by the</u> <u>district</u> for organized student body associations established pursuant to Chapter 1, Division 7, Part 47, of the Education Code (commencing with Section 76060).

The governing board must provide for the supervision of all monies raised by any student body or student organization using the name of the college (ECS 76065).

Audit: An examination of documents, records and accounts for the purpose of determining (1) that all present fairly the financial position of the district; (2) that they are in conformity with prescribed accounting procedures; and (3) that they are consistent with the preceding year.

Balance Sheet: A statement that shows assets, liabilities, reserves and fund balance or fund deficit of the community college district as of a specified date. It exhibits the financial condition of a district. Balance sheets are provided in the "311" report and in the district's external auditor's report.

Basic Aid District: A community college or K-12 district that does not receive state funds because its revenues from local property taxes and student enrollment fees provide more than it would receive under the Student Centered Funding Formula (SCFF).

Board Financial Assistance Program – Student Financial Aid Administrative Allowance (BFAP-SFAA): Funds are solely dedicated to cover the cost of the delivery of student financial aid. Some of the costs allowed are for financial aid professional, technical, clerical or temporary help (including student help) who report in a direct line to the Financial Aid Director, staff training, software and hardware, development of outreach materials...etc.

Bonded Debt Limit: The maximum amount of bonded debt for which a community college district may legally obligate itself. The total amount of bonds issued cannot exceed a stipulated percent of the assessed

valuation of the district. General Obligation Bond issues require a 55% vote of the electorate. These are known as Prop 39 Bonds, replacing the law that lowered the approval limit from 66-2/3 to 55%.

Measure E Bond was passed in November 1999 for a maximum authorization of \$248,000,000.

Measure C Bond was passed in June 2006 for a maximum authorization of \$490,800,000.

Measure G Bond was passed in March 2020 for a maximum authorization of \$898,000,000.

Bonded Indebtedness: A district's debt obligation incurred by the sale of bonds.

Bookstore Fund: This fund has been classified as an enterprise fund designated to receive the proceeds derived from the district's operation of the colleges' bookstores. All necessary expenses, including salaries, wages, and costs of capital improvements for the bookstores may be paid from generated revenue.

California College Promise – AB 19: California College Promise provides direct assistance to eligible California residents to cover the cost of fees, books, supplies...etc.

College Promise Grants (formally known as, Board of Governor's Fee Waivers): The California College Promise Grant, formerly known as the Board of Governors Enrollment Fee Waiver (BOGW), waives enrollment fees for qualified students.

Capital Outlay: Capital outlay expenditures are those that result in the acquisition of, or addition to, fixed assets. They are expenditures for land or existing buildings, improvement of sites, construction of buildings, additions to buildings, remodeling of buildings, or initial or additional equipment.

Capital Project Funds: Capital Project Funds are used to account for financial resources to be used for the acquisition or construction of capital outlay items.

Categorical Funds: Categorical Funds are those resources that come from federal and state government agencies. In general, funds received by categorical programs such as Student Equity & Achievement, Strong Workforce, EOPS, CARE, BFAP, PERKINS...etc. are restricted for a specific purpose. These funds must comply with the requirements of the program and are governed by additional laws and regulations, fiscal management, special reporting, audit...etc.

Child Development Fund: The Child Development Fund is the fund designated to account for all revenues for or from the operation of childcare and development services under Chapter 2, Division 1, Part 5, of the Education Code (commencing with Section 8200).

Consumer Price Index (CPI): A measure of change in the cost of living compiled by the United States Bureau of Labor Statistics. Consumer price indices are calculated regularly for the United States, California, some regions within California, and selected cities. (See Gann Limit.)

COP: Certificates of Participation are used to finance the lease/purchase of capital projects. Essentially, they are the issuance of shares in the <u>lease</u> for a specified term.

Current Assets: Assets that are available to meet the cost of operations or to pay current liabilities.

Current Expense of Education: Usually regarded as expenses other than capital outlay, community services, and selected categorical funds.

Current Liabilities: Amounts due and payable for goods and services received prior to the end of the fiscal year.

Debt Service Funds: Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long-term debt, principal and interest.

Disabled Student Programs & Services (DSP&S): The purpose of these special programs and services is to integrate disabled students into the general college population; to provide educational intervention leading to vocational preparation, transfer or general education; to increase independence; or to refer students to the community resources most appropriate to their needs.

Education Protection Account (EPA): The Education Protection Account (EPA) provides local educational agencies (LEAs) with general purpose state aid funding pursuant to Proposition 30, the Schools and Local Public Safety Protection Act of 2012, approved by the voters on November 6, 2012. The EPA funding is a component of an LEA's total revenue limit, community college total computational revenue, or charter school general purpose entitlement.

Employee Benefits: Examples are (1) group health or life insurance payments; (2) contributions to employee retirement (STRS-State Teachers Retirement System or PERS-Public Employees Retirement System); (3) OASDI (Social Security) and Medicare taxes; (4) workers' compensation payments; and (5) unemployment insurance.

Encumbrances: Obligations in the form of purchases, contracts, and other commitments that have been ordered but not yet received. At year-end, there are often many such orders. For year-end encumbrances, the budgets are carried over to the next fiscal year to cover the expenses that are recorded when the items have been received or services rendered. Year-end encumbrances tend to distort both the year-end balance of the just-completed fiscal year and the new year's expense budget. When reviewing year-end reports and new budgets, one must be especially careful regarding encumbrances so as not to misinterpret the true financial condition of the district.

Enrollment Fees: Enrollment Fees is authorized by the Education Code 76300 and 76140(k) and California Code of Regulations Section 58500 et seq. The fee amount is set by legislative statute as a mandatory fee charged on a per unit basis for semester or quarter.

EOPS: Extended Opportunity Programs and Services. Amounts apportioned for the purpose of providing allowable supplemental services through EOPS to encourage enrollment of students challenged by language, social and/or economic disadvantages.

Fifty Percent Law: Section 84362 of the Education Code, commonly known as the Fifty Percent Law, requires each community college district to spend at least half of its "current expense of education" each fiscal year on the "salaries of classroom instructors." Salaries include benefits and the salaries of instructional aides.

Fiscal Year: Twelve calendar months; in California, it is the period beginning July 1 and ending June 30. Some special projects use a fiscal year beginning October 1 and ending September 30, which is consistent with the federal government's fiscal year.

Fixed Assets: Property of a permanent nature having continuing value; e.g. land, buildings and equipment.

Full-time Equivalent Student (FTES): The number of students in attendance as determined by actual count for each class hour of attendance or by prescribed census periods. Every 525 hours of actual attendance counts as one FTES. The number 525 is derived from the fact that 175 days of instruction are required each year, and students attending classes three hours per day for 175 days will be in attendance for 525 hours. That is, three times 175 equals 525. FTES has replaced ADA. Districts complete Apportionment Attendance Reports (CCFS-320) and Apprenticeship Attendance Reports (CCFS-321) to report attendance. These are carefully reviewed by auditors. The importance of these reviews lies in the fact that the two reports serve as the basis for allocating state general apportionment to community college districts.

Funds, Restricted: Restricted funds are monies designated by law or a donor agency for specific purposes. Some restricted fund monies which are unspent may be carried over to the next fiscal year. The

use of the carryover funds is usually limited by law to the specified purpose(s) for which the funds were originally collected.

Funds, Unrestricted: Unrestricted funds are monies not designated by law or a donor agency for a specific purpose are considered unrestricted. Unrestricted funds may need to be accounted for separately or may have been designated by the Board for a specific purpose, but they are still legally regarded as unrestricted since the designation may be changed at the Board's discretion.

Gann Limitation: A ceiling on each year's appropriations supported by tax dollars. The limit applies to all governmental entities, including school districts. The base year was 1978/79. The amount is adjusted each year, based on a price index and the growth of the student population.

General Ledger: A basic group of accounts in which all transactions of a fund are recorded.

General Purpose Tax Rate: The district's tax rate, determined by statute as interpreted by the county controller. Base rate was established in 1978, after the passage of Proposition 13, and changes have occurred based on a complex formula using tax rate areas.

Governmental Funds: These are accounting segregations of financial resources for attaining institutional objectives. Expendable assets are assigned to the various governmental funds according to the purposes for which they may, or must, be used. Governmental accounting measurements focus on determining financial flow of operating revenues and expenditures, rather than net income.

Hold Harmless: The temporary Hold Harmless provision under Student Centered Funding Formula, allows the College/district to continue to receive state funds based on 2017-2018 funding adjusted for cost-of-living adjustments (COLAs). This funding is above what the district would have generated under the SCFF metrics. Currently, the Hold Harmless provision has been extended through 2023-24.

Homeowners Property Tax Relief Revenue: Local tax revenue for reimbursement of lost revenue due to homeowners' property tax exemptions pursuant to GC 16120.

LEA: Local Educational Agency.

Mandated Costs: School district expenses which occur because of federal or state laws, decisions of federal or state courts, federal or state administrative regulations, or initiative measures (See SB 90, 1977).

Non-Resident Tuition: A student who is not a resident of California is required, under the uniform student residency requirements, to pay a tuition fee as prescribed by ECS 76140. The nonresident tuition fee rate is required to be established annually by March 1st for the subsequent academic year. Education Code Section 76140 provides the parameters including a minimum and maximum to set a District's nonresident tuition rate based on recent standardized financial data adjusted for inflation. Education Code Section 76141 also allows for an optional additional capital outlay fee to offset costs associated with capital, maintenance and equipment costs as outlined in statute.

Objects of Expenditure: Objects of expenditure are articles purchased or services obtained by a school district, such as:

<u>Certificated Salaries (account series 1000)</u> Includes expenditures for full-time, part-time and prorated portions of salaries for all certificated personnel.

<u>Classified Salaries (account series 2000)</u> Includes expenditures for full-time, part-time and prorated portions of salaries for all classified personnel.

Employee Benefits (account series 3000)

Includes all expenditures for employers' contributions to retirement plans, and for health and welfare benefits for employees or their dependents, retired employees and Board members.

Books, Supplies & Misc. (account series 4000)

Includes expenditures for books, supplies, materials, and miscellaneous.

Operating Expenses (account series 5000)

Includes expenditures for consultants, travel, conferences, membership dues, insurance, utilities, rentals, leases, elections, audits, repair and maintenance contracts, and other contracted services.

Capital Outlay (account series 6000)

Includes expenditures for sites, improvement of buildings, books and media for libraries, and new equipment.

Other Outgo (account series 7000)

Includes expenditures for retirement of debt, interfund transfers, other transfers, appropriations for contingencies, and student financial aid.

PERS: Public Employees' Retirement System. State law requires school district classified employees, school districts and the state to contribute to the fund for full-time classified employees.

Prior Years Taxes: Amounts provided from tax levies of prior years and adjustments to taxes reported in prior years. These include delinquent secured and unsecured tax receipts, applicable penalties and any tax sale proceeds of prior years.

Proceeds of Taxes: Defined in the Gann Amendment as revenues from taxes plus regulatory licenses, user charges and user fees, to the extent that such proceeds exceed the costs reasonably borne in providing the regulation, product or service.

Productivity: The efficiency with which we use our resources. The ideal faculty productivity is measured by WSCH/FTES. WSCH is Weekly Student Contact Hours and FTES is Full-Time Equivalent Students.

Proposition 13 (1978): An initiative amendment passed in June 1978, which added Article XIIIA to the California Constitution. Tax rates on secured property are restricted to no more than 1% of full cash value. The measure also defines assessed value and the voting requirements to levy new taxes.

Proposition 98 (1988): An amendment to the California Constitution establishing minimum funding levels for K-14 education and changing some of the provisions of Proposition 4 (Gann limit).

Redevelopment Agency (RDA): Effective October 1, 2011, ABX1 26 dissolved all redevelopment agencies and community development agencies, hereinafter referred to as RDAs. Upon dissolution, any property tax revenues that would have been allocated to the RDAs are to be made available to cities, counties, special districts, and school and community college districts. RDA property tax revenue due to community college districts is allocated to the Prop 98 state funding formula for K-14 districts.

Reserves: Funds set aside to provide for estimated future expenditures, offset planned operating deficits, unexpected revenue shortfalls, or for other purposes. Districts that have less than a 5% reserve are subject to a fiscal 'watch' to monitor their financial condition.

Revenue: Addition to assets not accompanied by an obligation to perform services or deliver products. This is in contrast to *income*, which is accompanied by an obligation to perform services or deliver products. General apportionment is generally regarded as revenue while categorical funds are treated as income. Proceeds, on the other hand, are cash receipts recorded appropriately as revenue or income. The three terms are often treated, albeit incorrectly, as interchangeable terms.

Revolving Fund: The district is authorized (ECS 85400-85405) to establish a revolving cash account for the use of the chief business official in securing or purchasing services or materials.

Secured Property Tax Revenue: Local tax revenue generated from assessed real property value such as homes and business buildings (business property that is leased is unsecured property). Secured taxes are assessed against secured property.

Senate Bill 90 (1977), Chapter 1135/77: A law passed by the California legislature in 1977 that allowed districts to submit claims to the state for reimbursement for increased costs resulting from increased services mandated by the state or by executive orders. Mandated cost provisions were added to the California Constitution upon the passage of Proposition 4 in 1979.

State General Apportionments: The state general apportionment is the main source of unrestricted general fund revenue for most community college districts. It is calculated under the Student Centered Funding Formula to arrive at a district's Total Computational Revenue or TCR. The TCR is funded by various sources that include local property taxes, student fees, and other state funds. There are other types of apportionments for programs such as special education, apprenticeship, and EOPS.

Strong Workforce Program (SWP): The SWP helps to develop and create more workforce opportunities to lift low-wage workers into living-wage jobs, with the goal of creating one million more middle-skill workers. The district receives funding through apportionment.

STRS: State Teachers' Retirement System. State law requires school district employees, school districts, and the state to contribute to the fund for full-time certificated employees.

STRS On-Behalf: Recent GASB Statements have required that school districts recognize on their financial statements the contributions made by the State of California to CalSTRS on behalf of school districts for their employees. This reporting change became necessary with the implementation of GASB Statements 68 and 71 in the 2014-15 fiscal year. The contributions made by the state are based on rates defined in Education Code Sections 22955.1 and 22954 and vary from year to year.

Student Financial Aid Funds: Funds designated to account for the deposit and direct payment of government-funded student financial aid.

Federal Aid:Pell GrantsSEOG (Supplemental Educational Opportunity Grant)PerkinsHigher Education Emergency Relief Fund I (CARES Student)Higher Education Emergency Relief Fund II (CRRSSA Student)Higher Education Emergency Relief Fund II (ARP Student)

State Aid: EOPS (Extended Opportunity Programs & Services) CAL Grants California College Promise Disaster Relief Emergency Student Financial Aid Early Action Emergency Financial Aid (SB85) Student Success Completion

Student Centered Funding Formula (SCFF): The Student Centered Funding Formula (SCFF) implemented in 2018-19 allocates funding to community college districts to meet the goals and commitments set forth in the California Community College's Vision for Success to close the achievement gaps and boosting key student success outcomes. The SCFF supports access to funding through enrollment-based funding, as well as student equity. The SCFF targets funds to districts that serve low-income students and student success equitably by providing districts with additional resources for

successful student outcomes. The SCFF includes the following three allocations: Base Allocation, Student Success Allocation and Student Success Allocation. There is also a temporary Hold Harmless provision category effective through 2023-24.

Student Equity and Achievement Program (SEA): The Student Equity and Achievement (SEA) Program was established in Education Code (EC) 78222 with the intent of supporting Guided Pathways and the system wide goal to eliminate achievement gaps. In 2018, the SEA Program merged funding from three initiatives: The Student Success and Support Program; the Basic Skills Initiative; and Student Equity.

Supplemental Property Tax Revenue: Local property tax revenue generated from the supplemental roll since the last secured roll was issued due to reassessments of base year property value for supplement events such as change in ownership or completion of new construction.

TOP: Taxonomy of Program. This was formerly called the Classification of Instructional Disciplines. Districts are required for state purposes to report expenditures by categories identified in the "311." The major categories are:

Instructional Instructional Administration Instructional Support Services Admissions and Records Counseling and Guidance Other Student Services Operations and Maintenance Planning and Policymaking General Institutional Support Community Services Ancillary Services Property Acquisitions Long-term Debt Transfers Appropriation for Contingencies

TRANS: Tax Revenue Anticipation Notes. These are issued to finance short-term cash flow needs. The notes are paid off within a 13-month period using the proceeds of current fiscal year taxes.

Unsecured Property Tax Revenue: Local property tax revenue generated for the district's share of the one percent ad valorem property tax on the unsecured roll for moveable property such as boats, airplanes, furniture, and equipment in a business.

PERKINS V: Federal funds established to improve career-technical education programs, integrate academic and career-technical instruction, serve special populations, and meet gender equity needs. These allocations are a part of the state's Vocational Education Basic Grant Award from the U.S. Department of Education under the Strengthening Career and Technical Education for the 21st Century Act (Perkins V), previously known as the Carl D. Perkins Career and Technical Education Improvement Act of 2006 (Perkins IV).

Warrant: A written order drawn to pay a specified amount to a designated payee. For example, the district issues payroll warrants to employees each month. Payroll warrants are commonly referred to as "A" warrants, while warrants for goods and services are referred to as "B" warrants. When there aren't enough funds to back warrants, they may be *registered*. That means they act as IOUs. In July of 1992, for example, the state issued registered warrants until it had enough cash to pay for them.
